ProAm Contests - Students enter with their teacher. For this contest, amateurs are defined as anyone who does not teach dancing on a regular, ongoing basis or earn a significant amount of income teaching or performing. A professional is defined as someone who earns a significant amount of income teaching or performing dance. Anyone who has previously competed in open or professional level competition must be considered a Pro for this purpose. Couples entering ProAm divisions must have a prior student/teacher relationship. Only the amateur is evaluated. Different skill levels and 2 age-defined divisions are offered for both Leader and Follower roles. Each skill level and role is a separate contest.

All students will receive a customized plaque with a medal award. Placements 1st through 5th in each division and role will also be recognized. Couples dance in heats with multiple couples on the floor for about 1½ minutes of a song the DJ chooses for that division.

- A student may enter two adjacent skill levels in either or both roles.
- Matched costumes and props are not allowed. Coordinating attire is acceptable
- Couples must remain in contact unless executing a spin.
- No lifts, drops or partner supported moves allowed.
- No choreographed entrances or exits

(6) West Coast Swing ProAm contests are offered.

- **Youth** - Students under age 15 must enter this division regardless of previous dance or competition experience.
- **Sophisticated (35+)** - Students age 35 and over regardless of previous dance or competition experience. Because this is an age requirement rather than a skill level requirement you may also enter up to 2 adjacent ProAm contests if you wish.
- **Newcomer** - This is an entry-level division for students with very little or no previous competition experience. It is limited to students competing less than 1 year in West Coast Swing. Students who have previously won a contest against 3 or more entries should move up to novice or intermediate. Newcomer competitors should exhibit traditional basic figures only. Judges will be looking for good basic technique, connection, timing and confidence. Complex variations and elaborate patterns are not acceptable in newcomer divisions.
- **Novice** - This division is for students with less than 3 years total dance experience and limited previous competition success. Students are expected to perform solid basics. Limited variations are allowed but not required. No leans, drops, or breakaways are allowed. All material should be recognizable as familiar, common "leadable" social patterns.
- **Intermediate** - This division is for students with significant prior competition and or dance experience. Students are expected to perform clean basics with variations and musicality. Judges will consider musical interpretation, showmanship and creativity.
- **Advanced** - This division is for seasoned competitors who want to get in front of the audience and judges with their teacher. Judges will consider everything including but not limited to: variations, musicality, teamwork, showmanship and creativity.

Jack & Jill Contests - Enter as an individual. Dance with a randomly chosen partner. The DJ picks the music. There are contests for many skill levels. Onsite registration for all Jack & Jill is limited. There are strict entry deadlines published in

advance. You must enter before the deadline. Jack & Jill contests allow individuals to enter without a partner and demonstrate skills in spontaneous dancing with a variety of partners. There is an inherent “luck of the draw” factor involved. Leaders and followers are randomly paired. There will be several partner changes during the preliminary and semi-final rounds. Competitors are scored individually on timing, technique and teamwork in the preliminary heats. Those scoring the highest will be called back later to dance in a final round. In the final, individuals are randomly paired, then scored as a couple. The DJ picks the music. Tempo and style will vary. All songs will be appropriate for the dance division entered. There are significant cash prizes awarded to the winners. The amounts are based on the number of entries in each division.

- You may only enter 1 level of Jack & Jill (sophisticated, Masters excluded).
- You must be at least 15 years old

West Coast Swing Jack & Jill Levels - The (WSDC) World Swing Dance Council Points Registry is used to determine eligibility for the West Coast Swing Jack & Jill skill levels. Current WSDC points information is available online at www.swingdancecouncil.com for anyone to look up which division they have qualified for. Competitors are expected to honor this system. You may only dance in a level other than what you qualify for by petitioning the chief judge or event director at least 48 hours in advance. WSDC registry documents have been recently updated.

- **Newcomer** - This where you start! First time competitors and those with no prior competition success should dance in Newcomer even if you have entered a Novice contest elsewhere. To enter newcomer you must be competent with the basics of social dancing. You may continue to dance in newcomer until you have earned 10 newcomer points.
- **Novice** - For competitors with some prior competition success. You must have at least 5 Newcomer points OR have previously danced in a Novice division elsewhere. Competitors with 15 or more Novice points must move up to intermediate.
- **Intermediate** - Requires previous competition success in the Novice division. You must have at least 15 Novice points OR any Intermediate points. Competitors with 30 or more intermediate points must move up to Advanced.
- **Advanced** - Requires previous competition success in the Intermediate division. You must have at least 30 Intermediate points OR any Advanced points. Competitors with 45 or more Advanced points earned within the last 3 years must move up to AllStar.
- **AllStar** - You must have at least 45 Advanced or higher level points OR any existing AllStar points earned in the previous 3 years.
- **Champion** - This contest features the best of the best. To be eligible, all competitors must have placed 5th or higher at a NASDE tour event in a Champions, Invitational or professional level Jack & Jill or Strictly Swing contests within the previous 3 years.

The following Jack & Jill divisions are not “Leveled” so if you meet the criteria for these divisions you may enter them in addition to the skill level you qualify for.

- **Sophisticated (35+)** - This division is for competitors age 35 and over. There are no points requirements and the World swing dance council no longer tracks points for this division. You may enter Sophisticated and another swing Jack & Jill contest at the skill level you are qualified for.
- **Masters (50+)** - This division is for competitors age 50 and over. There are no points requirements and the World swing dance council no longer tracks points for this division. You may enter Masters, Sophisticated and another swing Jack & Jill contest at the skill level you are qualified for.

Relative Placement Scoring This system used to determine winners in final rounds. It was adapted from the figure skating system and is now widely used at major dance competitions. It minimizes the impact of a rouge judge's mark and recognizes the most consistently scored entry. An equal numerical value is assigned to each Judge's raw scores, so that each Judge has an equal vote in the final outcome. A very detailed explanation of this system with examples can be found here: http://www.swingdancecouncil.com/library/relativeplacement_5_1_10.pdf
